

Backyard Composting - Correct Application of

YardWise

A Course for Yard Care

The "YardWise" program is a FREE annual course available to all Harris County residents interested in learning more about environmentally responsible yard care. This annual three hour YardWise class is designed to give residents expert advice and suggestions on how to better take care of their yards. Participants will experience a classroom session that features lectures, slides, and some field instruction.

Some Yard Care topics that may be covered:

- Backyard Composting
- "Don't Bag It" Plan
- Integrated Pest Management
- Less Toxic Alternatives
- Mulching & Grasscycling
- Vermi-Composting
- WaterSmart
- Xeriscaping

Date of event: Saturday, June 9th from 9 am - Noon

Location: Jesse H. Jones Park & Nature Center
20634 Kenswick Dr., Humble, TX 77338

If you are interested in participating in the YardWise Course, contact us by phone, email or visit <http://www.cleanwaterclearchoice.org/hhw/yardwise.asp>.
