

PATRICIA R. LYKOS
DISTRICT ATTORNEY
HARRIS COUNTY, TEXAS

Public Information Office
(713) 755-3320

October 30, 2012
Houston, TX

MEDIA ADVISORY

WHAT: Ribbon-cutting ceremony to mark completion of building construction, for the new Forensic Genetics Laboratory, of the Harris County Institute of Forensic Science.

ABOUT: This just-completed 16,000 square foot space within the Texas Medical Center will be furnished with state-of-the-art equipment and technology to provide scientifically-rigorous and timely genetic analysis of crime scene evidence. This laboratory sets the platinum standard for DNA forensics.

WHEN: Wednesday, October 31, 2012
10:00 AM

WHERE: The McGovern Building
National Center for Human Performance, Texas Medical Center
2450 Holcombe Blvd., Houston, TX 77021

SPEAKERS:

- Luis A. Sanchez, M.D.,
Executive Director, Harris County Institute of Forensic Science
Chief Medical Examiner, Harris County
- Richard Wainerdi, P.E., Ph.D.
CEO, Texas Medical Center
- Patricia R. Lykos
Harris County District Attorney
- Roger Kahn, Ph.D.
Forensic Genetics Director, Harris County Institute of Forensic Science

All news media are invited to attend.
